Changing Young People's Lives through the Arts

Arts Education Fund

We believe that our mission to bring world-class arts and entertainment to the Livermore Valley includes providing school districts across the region with access to performances and artists that will change young people's lives.

Working in partnership with teachers, administrators, parents and students, LVPAC hosts a wide range of school specific performances in the Bankhead Theater and also provides workshops, master classes and teacher training opportunities using the artists that appear on our stage.

Educational activities include WOW! - The World of Wisdom-a project that presents entertainment-based programs for young people in math, science and technology; \$15 student tickets for all *LVPAC Presents* performances; family-friendly Bankhead Theater events; and free in-school performances, workshops and master classes. Portions of these activities are underwritten through generous contributions and matching gifts to our education fund.

Support for Student Tickets

The Student Ticket Program was created through an anonymous grant from a Livermore family to underwrite discount tickets for all LVPAC Presents events. Children ages 2-17 attend performances featuring world-class visiting artists in music, theater and dance for about 1/3 of the regular ticket price. This gift makes it affordable for parents to share the performing arts with their families.

Recognizing the value of this new program, the Bill King Memorial Fund, in conjunction with the Livermore Y's Men's Club, subsidized 120 student tickets for the 2013-14 season. LVPAC members and patrons have expressed an interest in continuing the Student Ticket Program. We invite you to participate. The average ticket price of \$40 less the student price of \$15 equals an underwriting need of \$25 per ticket. Your gift that subsidizes one, two or several tickets, will make a difference as a collective effort to fund student tickets today and in the future.

Help share the performing arts with children.

If you would like to make a contribution or learn more about these programs that support school and family performances along with student tickets, please contact our development staff at **925-583-2305** or email development@livermoreperformingarts.org.
